FAMILY LIFE
ENCOUNTER | GROW | SHARE

We provide opportunities for families to ENCOUNTER God within community during times of worship and events; we create learning spaces to GROW in their faith; we inspire them to SHARE the truth and hope of Jesus in their spheres of influence.

Our desire is to partner with you to equip your child to *Follow Jesus and Fearlessly Make Him Known*. We work to be intentional in helping their spiritual development.

- We teach your child(ren) important stories from the Bible
- We encourage Bible memorization to help in your child(ren)'s understanding of God's truth
- We guide your child(ren) to having a personal relationship with Jesus.
- We help your child(ren) verbalize their personal faith story and share it with others
- We help your child(ren) understand baptism, communion and spiritual giftedness
- We celebrate age-specific milestones with you and your child(ren).
- We create spaces where your child(ren) can feel safe to ask pastors and leaders tough questions about faith, relationships, and feelings.
- We provide opportunities for students to use their gifts and passions to participate in the life of the church.
